Saurel Quettan, MBA, PMP

Saurel Quettan is a Human Behavior and Transformation Expert, Creator of *"The Authentic Leadership Journey"* – Access to Becoming the Leader You Most Admire. He is the Founder & CEO of exeQfit, a business consulting firm.

Saurel has helped entrepreneurs, CEOs, founders, and owners of small to medium-sized businesses enhance their emotional intelligence, master effective communication, and build high-performing teams.

As a leadership coach, with 20+ years in the field of human growth and development, Saurel doesn't teach leadership! Instead, he helps clients focus on the distinction between achievement and success, guiding them as they create and embrace something bigger than themselves. In the process, they become The Leader They Most Admire, leaders who make the very best decisions possible when facing big challenges such as:

- Paralyzed by the complexity of developing and executing business growth strategies
- Fear of change and uncertainty in their industry
- Struggling to build a unified culture with a shared vision
- Blind to the barriers to high performance in business and in life
- Consistently playing small instead of taking steps to realize a bold, new future
- Yearning to make a greater impact for their families, companies, and communities
